

OFFICETEAM
COMPATIBLES

SAVING YOU MONEY
WITHOUT
COMPROMISING
ON QUALITY

Switch to OfficeTeam compatible toners and we can guarantee a minimum saving of 20% on your original toner cartridges.

With a guaranteed minimum 20% saving on the prices of your original toner cartridges and a commitment from us to hold these prices for six months, what have you got to lose?

Guaranteed Quality

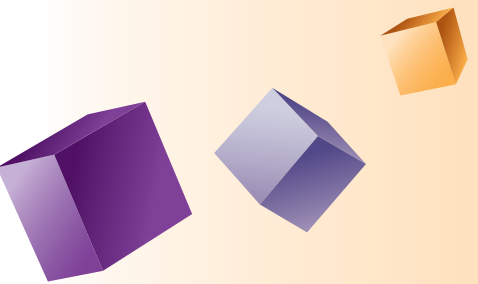

OfficeTeam compatibles are guaranteed to perform to the same standards as original cartridges. You will find there is no difference in the print quality or page yield with our OfficeTeam toners compared to original toners; the only difference is the cost.

The use of OfficeTeam toners will have no effect on either the manufacturer's warranty or any service agreement.

Providing a positive impact on your expenditure and our environment.

Designed to work in exactly the same way as a new original toner cartridge, our OfficeTeam toners are a sound economical alternative to expensive original toners.

We source original toner cartridges that have only been used once before and remanufacture them into OfficeTeam toners. Our process fully utilises the outer shell and most of the 'non printing' internal parts of the original toner cartridge, which would otherwise be sent to landfill. The key components that affect print quality, i.e. drum, toner etc. are all replaced with brand new items, equal in both quality and longevity to those used by the original cartridge manufacturer.

Recycle all your toner cartridges through our OfficeTeam toner recycling scheme. Visit www.officeteam.co.uk/toners

If you have any questions regarding our EOS products and services please contact your Account Manager.
